The CHESTNUT

The
Pathfinder
Summer
Summary

TENTS, TRAILS, TREES AND TRACKS,
PATHS, PADDLES, PETS AND PACKS,
WE'RE THE BOYS WITH THE STRONGEST BACKS
WE'RE THE BOYS WHO SWING THE AXE.
HERE WE ARE, THERE WE ARE,
TRIPPING MEN FROM NEAR AND FAR
SWISH, SMASH, SPLISH, SPLASH,
WE'RE AT KAMP TO HAVE A BASH,
YEA, PATHFINDERS.

This yell, which was original to the Pathfinders in 1965, required maximum participation and group effort in order for it to sound really good in the dining hall. This is typical of all that the Pathfinders do throughout the year. Being a tripping section, the motto "one for all and all for one", must be practised at all times in order for a trip to be successful and happy.

The yell itself is dependent upon the items of nature as are the Pathfinders. It is an expression of comradeship and pride - pride in the individual, the tent, the section, the Kamp. It is a pride that many more people in the world should possess. So, as you continue on your path of life, I can only shout "Pathfinders, ARE YOU READY - - -", I hope the reply is always "WE ARE - -".

KAMP KANAWANA

STAFF INTERVIEWS

The Chief -

The interviewer questioned the Chief as to whether he had been at camp as a camper. His response was that he had been here as a C de B and he had really enjoyed it. He said that he really enjoys his job. Changes he would like to see include a good staff lounge and a co-educational camp. When asked to go deeper into the latter change, he said boys and girls should be together and it would be good for the morale. Mr. Seaman works at YMCA in Montreal, is married (his wife is camp director at J.L.) and has three children (two girls and one boy). He likes to see a full camp (226 campers and 69 staff).

Ric Patten -

Ric is 23 years of age and has seven years on camp staff. His jobs have included being a counsellor for three years and SPC for two years and a section director for one. He also was admiral for one year. Ric doubts he will be back next year because of the forth coming happy event in his life. The reason he likes camp is because he has an opportunity to work with the campers and it is invaluable experience for his future employment with the YMCA.

Mike Walker -

Mike states his age as 40, but one has to doubt that this is true. This is Mike's first year at camp - he is an English teacher in the winter. Mike thinks the food at camp is delicious. He expresses the desire to be Assistant Chef in the future and he sees vast improvements in Kamp Kanawana in the next five years.

Jim Thyer -

Jim is known as the man in the Red Feather. He likes KK because of his vast experience here and he likes to instruct campers on camping. During the winter Jim is a school teacher in Mount Bruno. Jim does not like the city in summer and he likes kids very much. Jim is of French-Scottish-English descent. You figure it out.

Bill Kennedy -

Billy is the tent no. 1 counsellor in the Pathfinder Section. He is a 19 year old student at SGWU. Bill's ambition is to either become a radio broadcaster or to work for the YMCA. He heard of KK from his brother who was here four years ago and Bill expresses a desire to return. Bill would like to see KK coeducational for an experimental year.

- Steve Mills - Steve is 19 and this is his second year at KK. His first appearance was as a camper ten years ago. Steve does not want to return next year, but if he did, he would like to be a Section Director. He goes to McGill University where he is studying dentistry. Steve would like to see this camp coeducational.
- Bill McDonald - Bill has been at KK for two years. He dislikes T-groups and coeducational camps. The highlights of the summer have been his numerous canoe trips.
- Mike Osadchuk - Mike is in his second year at KK. He likes it very much. During the winter he is a student at McGill University. Main project for the year - to get that bridge built.
- Hal Potter - Hal is in his second year at KK. A student at Stanstead. He likes his job at KK. He would like to return in the role of SPC.
- Joe Page - In the middle of the summer a sad thing happened to the Pathfinder section. Smiling Joe was transferred to a higher position. Although all were happy to see the promotion, it left a cavity in the section which never properly was filled. Joe is presently the CIT director. He is in his final year at University of Ottawa studying physical education and desires to work with children. Joe says that it doesn't matter to him if the camp is French or English.
- Stan Wasilewski - Stan is the Assistant Camp Director. In the winter Stan is a commercial course teacher. He says his reason for coming to camp is that he likes to and this is his sixth year here.
- Julian Tasse - Julian is 33 years of age. He has been working at camp for seven years. He would like to see KK as a coeducational camp. His favourite expression is Sacre Bleu. In the winter, he paints boats, he shovels snow and makes and repairs screens. These are only a few of his many jobs.
- Dugie Livingston - Dugie is our Scottish arts and crafts Director. He does this sort of work all year round at school. He heard of the camp from Stan. Dugie would like to see more work for everyone else and less for himself. He is not certain if he will return, but would like to return.
- Ron Ness - Ron is in his second year at camp and is 26 years old. He previously worked at Powters and Day camps. Ron teaches in the winter and would like to return in his present job.
- Ed McNider - Ed is the Hike and Trip Director. He has worked at KK for five years. Before working here he was a counsellor at Royal Ambassador Boy's Camp for two years as counsellor. At KK he has also been a counsellor and SPC.
- Doc Swaine - is 35 years old. He has a private practice on the Lakeshore. He came to KK at the request of Chief. He enjoys working here very much because he likes finks. He doesn't want to see KK become coeducational because he thinks it is a good idea for boys to be together.

Ralph Fisher -

is 21 years of age and is the Tripper. He is a student at Mount Allison in New Brunswick and desires to be a math teacher. He has worked at camp for 3 years. He heard of KK from poster in university. He is undecided about returning next year.

Arnie Achtman -

is 17 years old and plans to go to Llyola next year studying something in the arts. This is his tenth year at KK and doesn't know if he will return. He comes here for "the money". He would like KK to be coeducational.

Gavin Turley -

is 22 years old. Gavin has been here one year and goes to SG&U. He says the food varies from bad to worse. He is uncertain of returning next year and sees distinct improvements in the next five years. He would like to see a coeducational camp.

Mac -

Has spent 17 years at Kamp and obviously does the best with what he has. The meals this year have been terrific and so - - orchids are extended to the Chef.

Jorge Jemalka -

is our nature lore expert. He has been at KK for six years and intends to return. Jorge would like to see the nature lore program more child centered and would like KK to be coeducational.

Barbara Jack -

the nurse, is 21 years of age and is a nurse by occupation. She came to camp on advice of Dave Hardcastle. This is her first camp job and she wishes to return next year - she likes outdoor atmosphere. She doesn't want KK to become coeducational because she thinks we are the wrong age to associate with girls.

THE CAMPER TALKS

INTERNATIONALITY AT CAMP - by Billy Menzel

In most tents, there are at least three languages. I think this is good because it helps campers to get along with people from different countries. I am sure that people from foreign countries are as good, if not, better in certain sports. Canadians tease people from different countries - they forget that these people are as good as they are.

I find that an international camp is fun and adventurous and that is my main reason for coming to Kamp Kanawana each summer.

GENERAL COMMENTS BY CAMPERS

Bob Bazzo - food is better than last year. Would like to return.
This is 8th year at KK. Likes the idea of coed camp.

Doug Ray - lunch is best meal. Likes camp very much. This is his 3rd year. He would like coed camp.

Mark Asselman - Sixth year and he still likes it. Says it becomes boring at times - if you don't like the food you're spoiled.

Norman Ashe - This is first year and he has no complaints.

Bob Ray - doesn't want to see the camp coeducational (he doesn't know why) and he doesn't like the food.

Pierre Bernier - Likes things the way they are "Tout est bien".

Juan Fuentes Likes things the way they are.

Andy Kamoroni - Would like to see more definite program (like to see a compulsory set out program with no discussion on it).

Billy Menzel - likes things the way they are.

NOTE: To campers - All addresses of campers are available through the downtown YMCA Kamp office should you wish to contact a fellow camper during the year.

A RED FEATHER REVUE

As I look back on this summer at Kamp I find that many exciting things have taken place, particularly in the Pathfinder Section. There have been canoe trips to Lake Toureau, to the Kiamika and Lievre Rivers, as well as to Oforeke. Hikes have gone to Lac St. Denis to visit the Air Force Base, to Kerr's farm and back through Morin Heights a trip which has several beautiful views down Laurentian valleys.

Ideas for programmes in Kamp have produced varied and useful activities as well. Canoeing has been popular in our Section; campcraft and nature lore have been done with such things as Indian cucumbers being eaten and birch tea being brewed. A bridge was begun, one tent built a fence around its area another made a new firebowl. Games of Kill the Counsellor, Capture the Flag, Ping Pong have been popular at various times. A Kangaroo Court was held and members of the Staff and Campers were sentenced to odd tasks. Section regattas were held, one in competition with the C de B section, one with a Scout troop from Tamaracouta which probably helped the idea of a program between our Kamp and Tamaracouta to commemorate the linking of the two. Section and All-Kamp fires have added variety to the Evening programmes.

Last, but not least, the idea of having a Section paper was tried out, and a good idea it was too, especially as a summary for the summer's activities.

I think we of the Pathfinder section have indeed had a summer to be proud of, and from me to the section - Well done!
